- Textile fabrics

Bibliography

In 1986, Catherine "Kay" Hawthorne joined textile historian Clarita Anderson in an endeavor to document Jacquard-woven coverlets. The two collaborated on contacting state and local museums, historical societies, and private collectors whom agreed to help with the creation of a coverlet database. Over the years, the two women amassed a database of over 14,000 textiles for the University of Maryland.

Collection Inventory

Series I. Weavers

Scope and Contents

This series contains weaver information that was added to the Coverlet Database originally created by Clarita Anderson with the help of Hawthorne at the University of Maryland, in September 1986. The Content in this series is organized by state and weaver.

Sub-Series I. New York
